book extra questions, practice papers 9th s
st (history, Geography, civics, Economics),
The magpie goose is an iconic tropical
species highly valued as a conservation
asset and by Aboriginal people as a cultural
resource. Their spatial and temporal
dynamics in the Kakadu Region of Northern
Australia are characterised at seasonal and
decadal time scales using long-term aerial
survey data., The Indian Rivers Inter-link is a
proposed large-scale civil engineering project
that aims to effectively manage water
resources in India by linking Indian rivers by
a network of reservoirs and canals and so
reduce persistent floods in some parts and
water shortages in other parts of India., The
Ganges-Brahmaputra Delta (also known as
the Brahmaputra Delta, the Sunderbans
Delta or the Bengal Delta) is a river delta in
the Bengal region of the South Asia,
